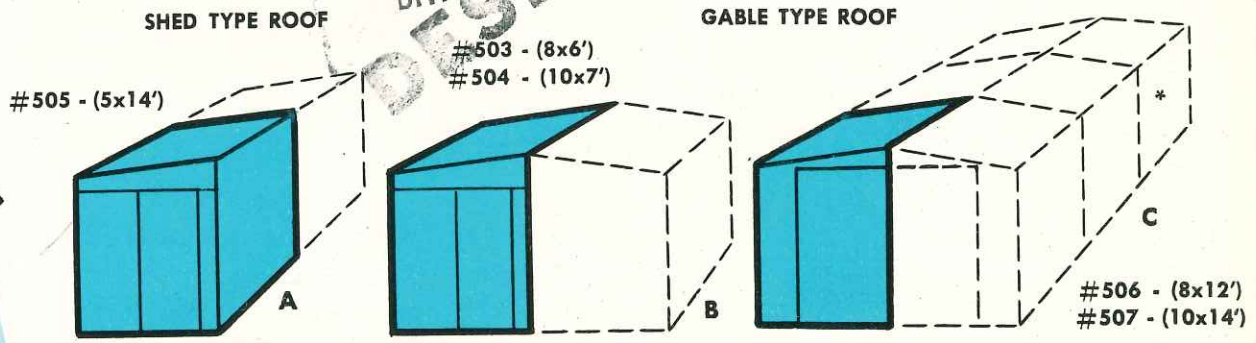
DIAGRAMS of Combinations Comprising the LARGE MODELS and MULTIPLE UNITS



Large models are actually made up of smaller standard units joined together end to end or side by side (as the case may be). The intervening walls are eliminated and splicing channels, joint cover strips and special roof trusses are provided for use in assembling wherever necessary.

For example: The #505 model (size 5x14') consists of two regular #502 units (size 5x7') each) joined together end to end. (See Diagram A)

Other combinations are as follows:

#503 (Size 8x6') Two #501 units joined side by side. (See Diagram B)

#504 (Size 10x7') Two #502 units joined side by side. (See Diagram B)

#506 (Size 8x12') Four #501 units joined side by side and end to end. (See Diagram C)

#507 (Size 10x14') Four #502 units joined side by side and end to end. (See Diagram C)

PAGE 2

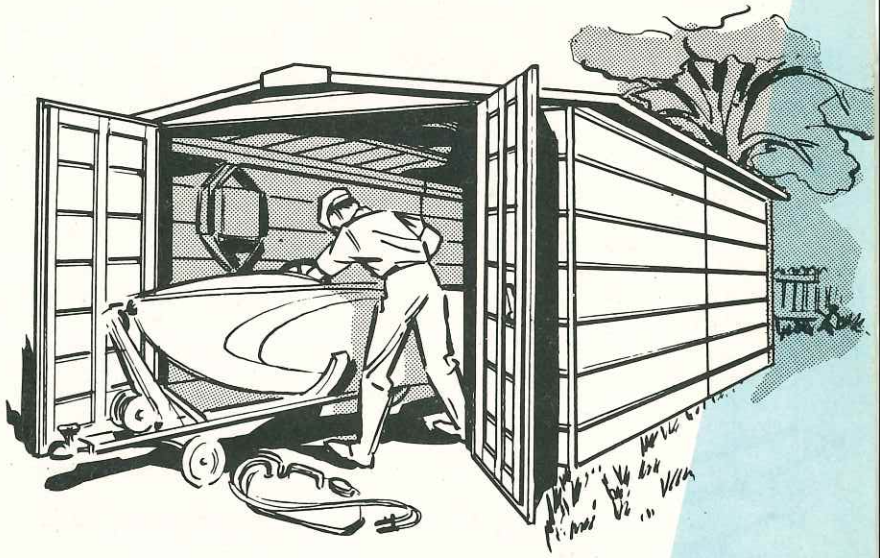
*NOTE: Extra large multiple units consisting of six or more stand joined together (See Diagram C) may be had

MULTIPLE UNITS

TOR-ALL- UTILITY BUILDING

DOOR MODEL

To meet the requirements for greater capacity, these larger models and multiple units are now available.



Double Door Model (Door Opening Size 75½ x 67")
#503B — Size 8' x 6' or #504B — Size 10' x 7'
#506B — Size 8' x 12' or #507B — Size 10' x 14'

- Makes a great boat house, too!

Single Door Model (Door Opening Size 37 x 66")
#503A — Size 8' x 6' or #504A — Size 10' x 7'
#506A — Size 8' x 12' or #507A — Size 10' x 14'

SPECIAL PURPOSE MODELS of the STOR-ALL UTILITY BUILDING

ROADSIDE STAND

MODEL 508

Size 5′ x 7′. Door Size — 37″ x 66″

Ideal for the Backyard Outing.

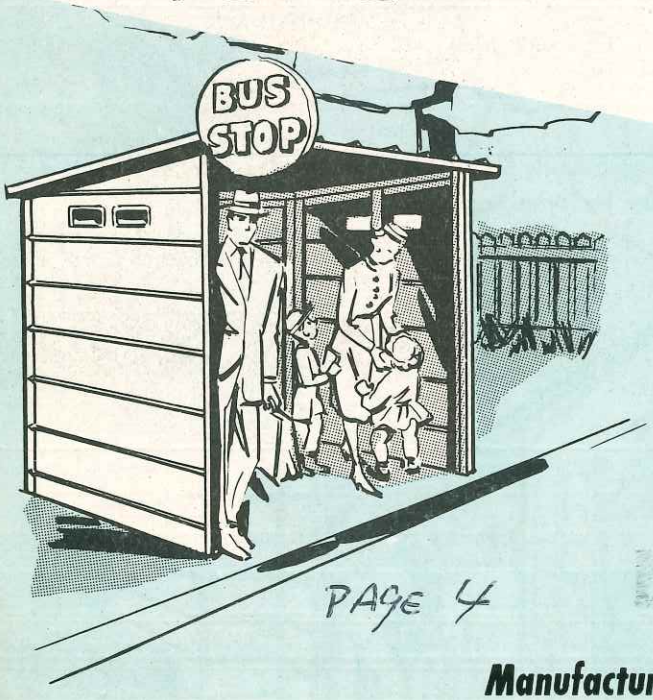
This all new dual purpose unit with a special swing-up top canopy and a counter is the perfect answer for outdoor entertaining and any desired storage. The conversion from one use to another is as easy as opening a door.

AS A PRODUCE STAND

Your produce could be displayed and sold from your portable stand.

REFRESHMENT COUNTER

Its low cost, durability and large display area seem to just fit the requirements.



See inside for larger models and diagrams of multiple units.

BUS STOP SHELTER

MODEL 509 Size 5′ x 7′ or 4′ x 6′

Protection from sun or rain while waiting for a bus. It has two 6″ x 12″ windows in opposite sides.

Also ideal as a newsstand and as a shelter on the golf course.
